Re: The Use of N11 Codes and Other Abbreviated
Dialing Arrangements
CC Docket 92-105
Implementation of N11 Service in Florida
ORAL EX PARTE PRESENTATION

Dear Ms. Searcy:

On this date, James McKnight of Cox Enterprises, Inc. and I met with Peyton Wynns, Chief of the Industry Analysis Division of the Common Carrier Bureau, and Alexander Belinfante, also of the Industry Analysis Division, regarding the above-captioned proceeding. In addition to the matters discussed in Cox's comments in this proceeding, Mr. McKnight and I discussed the status of Cox's experimental use of an N11 number in the Palm Beach, Florida area by the *Palm Beach Post*, issues relating to the Information Industry Liaison Committee's consideration of abbreviated dialing issues and issues relating to the use of N11 numbers for telecommunications relay services.

In accordance with the requirements of Section 1.1206(a)(2) of the Commission's Rules, the original and one copy of this letter summarizing this oral *ex parte* presentation are being submitted to the Secretary's office on this date for placement in the record of this proceeding. Also in accordance with Section 1.1206(a)(2), copies of this letter are being sent to Mr. Wynns and Mr. Belinfante.

Please call me if any questions should arise in connection with this letter.

Respectfully submitted,

J.G. Harrington
